CEDARVILLE  
COLLEGE

A BAPTIST COLLEGE  
OF ARTS AND SCIENCES

PRESIDENT'S REPORT

DR. JAMES T. JEREMIAH, PRESIDENT

### THE YEAR AT A GLANCE

I believe the following paragraphs will be a source of encouragement to our many loyal friends who contribute by prayer and sacrificial giving to the operation and growth of Cedarville College. The Lord has done great things for us. I rejoice in the opportunity to tell you at least a little of what has happened in the past year. I am excited about the prospect for the future!

Though there have been many evidences of the Lord's blessing upon the College in a material way, some of the greatest marks of advancement have been spiritual and academic. This, in my judgment, is the way it should be. Our material gains are to the glory of God only as they result in the fulfillment of the purposes for which the College exists.

Hopefully, before another year goes by, you will not only be able to visit the campus but to see and to examine the new science building. This new facility with 19,000 square feet of floor space will be erected near the library building, overlooking the lake. It is proper, as I see it, for a Christian college to emphasize scientific truth, while at the same time, it uncompromisingly declares Biblical truth. I am persuaded that truth is never contradictory, and I believe our young people should have the privilege of knowing and understanding this most important principal. This is one of the reasons for the existence of Christian colleges in general, and Cedarville in particular.

You will agree, I am sure, that facts in themselves can be rather lifeless things. Knowledge without the anointing and blessing of the Holy Spirit is not only dead, it is dangerous. It has often been repeated that all of the trouble in the world began under the Tree of Knowledge.

The pages that follow not only present some of the ways Cedarville College is prepared to offer a Christian education to the many young people who in increasing numbers are depending upon us, but also show how this knowledge is put into practical service for the glory of God. The Word of God clearly emphasizes the fact that Christ did not save us simply to satisfy us, but He did save us in order that we may serve Him.

Mr. Lee C. Turner,  
Director of Development

# ACADEMIC PROGRAM

---

In reviewing the four major aspects of our College program, numerous advancements have been made in the academic, spiritual, social, and financial aid areas over the past year. One of the most significant advancements is in the academic. Growth in course structure as well as faculty attainments highlighted this area.

## Program Highlights

A recent report released by the American College Testing Program revealed that 67% of the high school seniors who entered Cedarville College, chose the college for its special academic curriculum and approach. Standing apart from most colleges in its Christ-centered outlook of learning, Cedarville offers an unique curriculum. The Liberal Arts College concept provides each student with the opportunity to investigate broad areas of studies as he integrates his findings with a thorough challenge in Bible curriculum. Expanding his knowledge in several disciplines aids the student in pursuing concentrated study in a chosen major field.

## Curriculum

Growing in curriculum, Cedarville College now offers majors in Comprehensive Bible, Biology, Broadcasting, Business Administration, Chemistry, Elementary/Secondary Education, English, Health/Physical Education, History, Mathematics, Music, Psychology, Social Science, Speech, and Interdisciplinary Studies. Within the above list an expanded area and a new area open doors to fresh phases of the Liberal Arts Education at Cedarville.

The Biblical Education Comprehensive major has been designed for the man or woman who plans to enter active full-time Christian work immediately upon graduation from college. Ninety hours of department courses, including Biblical Studies, Theology, Practical Theology and Christian Education equip graduates for Christian Service in the Pastorate, Youth Work, the Mission field, and Christian Education directorships.

## Unique Inter-disciplinary Program

The program of study is totally elective. Under the guidance of his academic counselor, the student can choose courses that best fit into his background and future needs. Liberal arts courses are selected for their future relevance to the Christian ministry.

Seeking to develop a student's understanding of the inter-relations between various disciplines and the Scripture is the objective purpose of the new Interdisciplinary Studies program. It is designed to combine depth of knowledge in a particular field with corresponding relationships in other disciplines. The student examines basic concepts, techniques and problems which are shared mutually by other fields as well as the one in which he is majoring. "American Minorities," "Man and Reliable Knowledge," and "Man and His Environment" are some of the new academic selections offered by the studies program.

## Faculty

The Lord has given us a dedicated faculty of 60, all born-again Christians, 31% of whom have Doctorates and 28% who are now working toward that goal. This professional attainment on the part of our faculty coupled with their Spiritual commitment equips them, not only to instruct the student effectively, but also to counsel him in his personal development.

By integrating the academic, social, and spiritual aspects into an education revolving around the Word of God, Cedarville College provides a challenge to each student to accept the call of God upon his life, whether it be a call to a full-time Christian vocation or to be a full-time Christian in a secular vocation.

# CHRISTIAN COMMITMENT

## Spiritual

As a Christian College with a natural focus on Christian Service, students are challenged to make their commitment to Christ active and relevant through Christian Service opportunities. Challenges both on and off-campus help the young Christian adult as he matures into an effective Christian worker.

On-campus, students are able to take advantage of daily chapel sessions with faculty, pastors, and missionary speakers filling the pulpit. Weekly Wednesday and Sunday services provide the Christian young person with the spiritual food so necessary in the Christian experience. Missionary organizations and other Bible clubs offer fellowship on campus, as students share and learn the Word of God together.

Approximately 500 students are involved in weekly obligation, with another 10% working monthly. With the basic purpose of sharing the Gospel of Christ, students minister off-campus in a variety of activities. Local church ministries, nursing homes, orphanages, detention homes, penal institutions, street meetings, Bible clubs, surveys on secular campus visitation, beach evangelism and missionary internship are just some of the Christian service activities that personify involvement at the College.

## Social

In fully committing itself to the belief that social, cultural, athletic, and recreational activities are an important part of an educational program, the student activities office offers opportunities for participation in a variety of co-curricular activities. Intellectual endeavors and industrial interests of students find expression in numerous student organizations and group activities.

The Activities Office offers a strong intramural program and plans special activities each weekend both on and off campus. Highlights each year are four all-school banquets, weekend retreats, talent shows, ice skating, Artist-Lecture programs and many other social and cultural activities.

The intellectual, social, and spiritual climates of our college community are determined by the strengths of diversified programs. Student activities provide a quality program with qualified purposes.

## Athletics

Both inter-collegiate and intramural competition provide organized recreation and relaxation for the many participants. The athletic facilities, a new all-weather track and the tennis courts, combine with our existing gymnasium to allow students opportunities in varsity soccer, basketball, baseball, track, cross-country, tennis, golf, wrestling, women's basketball, volleyball, and field hockey and other intramural activities.

## Counseling Services

Counseling continues to be an effective means of dealing with the personal needs and concerns of students. The student personnel department has taken initial steps toward the development of a structured counseling service. Qualified personnel work closely with Health Center staff members, the Christian Service Director, and members of the faculty and staff to assist students in making their college experience as meaningful as possible. Resident advisers develop close relationships with many students and are devoting many hours to helping them.

The residence life of our college students is essential in providing for opportunities to meet and to know other students in an "out of class" atmosphere.

## Financial Aid

An important, yet intangible thing—concern—is offered students as they struggle with the financial problems that can follow a student throughout his college career. Because of the increased help from various lending agencies, the college has made a substantial increase in funds available for students. During the last three years available loans have more than tripled. In addition, approximately 24% of our students are employed on campus in various capacities, including maintenance, food service, radio, bookstore, secretarial work and library personnel. A great need exists, however, for scholarship and loan money so that we can make funds available to deserving and needy students. In a very real sense, contributions made to scholarships and loan funds help both the student and the college. Churches and individuals who care to contribute may help a student in college who otherwise may be forced to relinquish his college education.

## CURRENT OPPORTUNITIES

A new Science Center is the next building to be constructed on our campus. This modern building will give our Science faculty the environment to provide our students with the best instruction possible.

[illegible]

A plaque similar to the one in the campus Library will be displayed in the foyer of the new Science Center to show appreciation to donors who have contributed \$1,000 or more.

The ground-breaking ceremony was held in October, 1971, for the new Science Center complex. Construction should begin in the spring of 1972 and the tentative occupation date is the fall of 1973. By faith we trust that the additional funds will be raised for the completion and furnishing of the new Science Center.

The Science Center goal of \$650,000 also includes the renovating of the old Science building. Work on the old Science building began November 1, 1971, with masonry restoration, sandblasting, and some minor structural alterations. This summer new windows will be installed. The interior will be remodeled completing the restoration of the old Science building.

SCIENCE CENTER  
CAMPAIGN STATUS  
February 1, 1971

Science Center Goal .....	\$650,000
Total Gifts Received and Pledged .....	485,000
Balance needed for Science Center .....	165,000

## GENERAL FUND INCOME STATEMENT AT A GLANCE

## INVESTMENT CLUBS

### THE SHAREHOLDER

**LEADERSHIP SHAREHOLDER—\$1,000 or more**

**DEDICATION SHAREHOLDER—\$500—\$999**

**LOYALTY SHAREHOLDER—\$100—\$499**

**CEDARVILLE ASSOCIATE—\$25—\$99**

This program is designed to welcome friends and alumni back to campus by providing a membership card that gives the bearer the following campus benefits—free admission to home basketball games, free admission to Artist-Lecture series and major play productions. In addition there is a discount honored in the Bookstore and by the Food Service for special events.

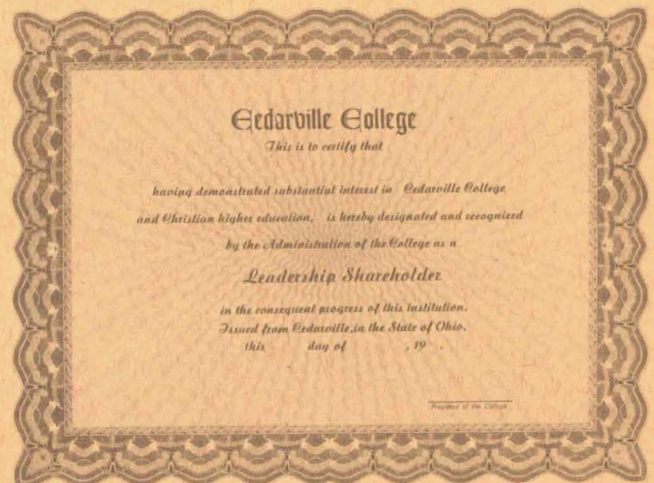

Investment Clubs are made available to individuals, married couples, churches, and organizations for selection of varying degrees of participation. If the college is to reach its objective, every friend of Cedarville College is encouraged to participate in a manner consistent with ability.

The following Shareholder categories are available to donors. Each Shareholder automatically qualifies for the new Cedarville Associate program. The Shareholder and Associate programs are for gifts received during the fiscal year period, July 1—June 30. The donor report on the following pages is for gifts received from July 1, 1970 through June 30, 1971.

The word "share" has deep meaning. It signifies the opposite of "assess" or "tax." To be able to share something of yours with a person or an institution which you love and admire is no hardship—it is a privilege and a joy. Anyone who has the future welfare of Cedarville College on his heart should welcome the opportunity to share in its development.

Churches, individuals, or organizations already giving regularly to the college are automatically included as shareholders and have received the appropriate certificate.

Also, donors participating in the memorial opportunities of the Science Center program will receive the appropriate shareholders certificate.

## CHRISTIAN STEWARDSHIP ESTATE PLANNING

The professionally trained estate planning department of Cedarville College provides a free service to any individual in planning for the distribution of an estate. Proper planning by Christians during their life provides security for loved ones as well as giving substantially to Christian higher education, missions, a local church, or other charitable causes.

We would welcome the opportunity to work with you. There is no cost or obligation, of course.
